TOBACCO HABIT EASILY CURED.

A FEW Testimonials from persons who have been cured by the use of Hill's Tablets.

THE OHIO CHEMICAL CO.: DEAR SIR:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; or I would smoke from ten to forty pipes of tobacco. Have chewed and smoked for twenty-five years, and two packages of your Tablets cured me so I have no desire for it. B. M. JAYLORD, Leslie, Mich.

DORNS PENNY, N. Y.

THE OHIO CHEMICAL CO.—GENTLEMEN:—Some time ago I sent for $1.00 worth of your Tablets for Tobacco Habit. I received them all right and, although I was both a heavy smoker and chewer, they did the work in less than three days. I am cured. Truly yours, MATHEW JOHNSON, P. O. Box 45.

PITTSBURGH, PA.

THE OHIO CHEMICAL CO.:—GENTLEMEN:—It gives me pleasure to speak a word of praise for your Tablets. My son was strongly addicted to the use of liquor, and through a friend, I was led to try your Tablets. He was a heavy and constant drinker, but after using your Tablets but three days he quit drinking, and will not touch liquor of any kind. I have waited four month before writing you, in order to know the cure was permanent. Yours truly, MRS. HELEN MORRISON.

CINCINNATI, OHIO.

THE OHIO CHEMICAL CO.:—GENTLEMEN:—Your Tablets have performed a miracle in my case. I have used morphine, hypodermically, for seven years, and have been cured by the use of two packages of your Tablets, and without any effort on my part. W. L. LOTEGAY.

TERSE, AND TIMELY.

You cannot inspire confidence in others unless you display it yourself.

If Congress has a desire to become popular it will do less talking and more voting.

Mr. Blount's early return from Hawaii may serve some premature grave or the insane asylum.

No one can truthfully charge the Democrats of the House with having lost any time in taking up the all-absorbing silver question.

The Republican Ex-members of the cabinet seem now to have much clearer ideas of what ought to be done than they had while in office.

It is not surprising that Democrats in Congress refuse to believe in the sincerity of aid tendered them by such Republicans as Reed and Lodge.

If the Republican press would quit howling calamity for awhile the people would have a chance to recover their wits and their confidence in each other.

It is only Republicans who are worrying about where Senators Hill, Gorman and other good Democrats stand. Democrats have nothing to fear from their votes.

There will be nothing for the House committee to do until the House disposes of the silver question, so Speaker Crisp may as well take his time in announcing them.

Ex-Czar Reed did not like the agreement of the Democrats of the House concerning the debate and vote on the silver question. If he approved it the Democrats would never have adopted it.

Had Grover Cleveland declared against tariff reform, as silly Republican editors pretended to expect, he would have proven himself a coward, and even the most besotted Republican has never charged him with cowardice.

Ex-Secretary Tracy's idea of coining the silver bullion in the Treasury to meet the present scarcity of our currency is not practicable, however desirable it might be. It would take five years, running the mints at their full capacity, to coin the silver on hand into dollars.

President Cleveland was right. There existed no good reason for his remaining in Washington while the old straw is being threshed and re-threshed. When Congress gets through talking and ready to get down to the business of voting it will be time enough for the President to return.

The news from Washington does not indicate an early settlement of the silver question in the Senate, on account of the failure of the Democratic Senators to agree. Get together gentlemen. Of what use is a Democratic majority if the republicans are to be allowed to hold the balance of power?

The Chicago labor organizations propose to set an example worthy of being generally followed, by withdrawing their money from safe deposit vaults and investing it so that it will be put in general circulation. If everybody would do the same there would be an immediate and permanent improvement.

The people of South Mississippi are "well fixed" for the hard times. The crop of cotton, corn, potatoes, sorghum, rice, pumpkins, nackleberries, red haws, persimmons and 'possums is said to be fine in that section.—Commercial.

The Georgia Farmer's Alliance monkeyed with politics and as a result it is on the dowe grade at a very swift rate. At the annual meeting last year there was $9,000 in the treasury, while this year there is only $3,000 on hand, and when the pending annual convention closes it is estimated there will not be over $1,300 in the treasury. The membership is now less than 9.000.—Commercial.

A YOUNG GIRL'S FORTUNE.

AN INTERESTING SKETCH.

Nothing appeals so strongly to a mother's affection as her daughter just budding into womanhood. Following is an instance: "Our daughter, Blanche, now 15 years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. She was in such a condition that we had to keep her from school and abandon her music lessons. In fact, we feared St. Vitus dance, and are positive but for an invaluable remedy she would have had that terrible affliction. We had employed physicians, but she received no benefit from them. The first of last August she weighed but 75 pounds, and although she has taken only three bottles of Nervine she now weighs 105 pounds; her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and studies with comfort and ease. She has recovered complete use of her arm, her appetite is splendid, and no money could procure for our daughter the health Dr. Miles' Nervine has brought her.

When my brother recommended the remedy I had no faith in patent medicines, and would not listen to him, but as a last resort he sent us a bottle, we began giving it to Blanche, and the effect was almost immediate."—Mrs. R. K. Bullock, Brighton, N. Y.

Dr. Miles' Restorative Nervine is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid. It is positively free from opiates or dangerous drugs.

THE WORLD'S FAIR

And American Railways.

THE QUEEN & CRESCENT ROUTE widely known as the road running the "Finest Trains in the South," is in the field to carry everybody from the South to the World's Fair at Chicago. No part of the Southern country is left uncared for by this great railway and its connections. The Through Car System is an admirable exposition of the wonderful capabilities of American railroading. From New Orleans Through Sleeping Cars run daily, morning and evening, carrying its passengers via. Cincinnati or Louisville, as they may select.

From Shreveport, Jackson and Vicksburg another Through Sleeping Car Line comes to join and become a part of the magnificent Vestibuled Through Trains, which passing through Birmingham and the famous Wills Valley of Alabama, is joined at Chattanooga by the train from Jacksonville Fla., Brunwick, and Atlanta Ga., over the E. T. V. & Ga. Ry., and proceeds north of the beautiful Cincinnati Southern, through the grandest natural scenery and most attractive historical country in the world, to Oakdale, where another magnificent Pullman car is received, coming from the Richmond & Danville System from Charleston, S. C., through Columbia, S. C., the beautiful French Broad country, and Ashville, N. C. and Knoxville Tenn.

The time to Chicago is made so as to afford the most convenient hours for departures from the principal cities, and arrivals in Chicago.

Passengers can purchase tickets good over one line north of the River, and returning via. another if they desire a variable route without extra charge. Or they can go via Cincinnati, returning via Louisville or vice versa.

Round trip ticket on sale at reduced rates. Agents of the Chicago line will on request assist in looking up rooms or accomodation for visitors to the Fair.

Everything that an almost perfect system can devise to deserve the praise and patronage of the traveling public has been provided. Any of the agents of the company named below, will cheerfully give all possible information and assistance. R. H. GARRAT New Orleans, La. I. HARDY Vicksburg Miss. J. R. MCGREGOR, Birmingham, Ala. E. NEAL A TEETOTALER.

He Neither Drinks, Smokes, Nor Chews—A Good Record.

There is a story going the rounds about Lary Neal, the Democratic candidate for Governor of Ohio, that reveals in gold light the personal habits of the man who leads the party in the Buckeye State, and a Democratic candidate for Congress in the course of his campaign, arrived one day in Chillicothe, where he met Larry Neal. They had not talked long before the Congressman invited Neal out to take a drink.

"Thank you was the reply but I don't drink."

"What," and the Congressmen looked at him with amazement "Well come along and take a cigar."

"But I don't smoke."

The Congressman looked at him in still greater amazement and, thrusting his hand into his pocket, he drew out a plug of tobacco with the invitation, "Have some of this then."

"I thank you," replied Lary, "but I don't chew."

"Don't drink, don't somke, don't chew! Well what kind of a Democrat are you anyway!"

Twenty years or more have passed since then, so the story goes, and it is said Mr. Neal keeps up his record in this regard.—Clarion-Ledger.

We venture the assertion that he will make a number one Governor.

The Home Newspaper.

newspaper is the greatest help to the growth of a town that can be. It is standing advertisement which always attracts. It gives more free puffs and explanation of the place than all others. It never lets pass a good opportunity to advocate the interest of its home enterprises. It helps all the churches and never fails to speak out for its schools; resents all insinuation against the character of the citizens and industries of the town; it lives but to benefit the community. To repay its untiring efforts it asks the support of the people, not in a begging manner, but as a recompense for its labor. It is entitled to a livelihood because it gives more than it takes. It only asks for its rights, and these it should have.—Carbondale (Penn) Leader.

The above is absolutely true, and where is the man with cheek enough to deny it.

Are You Going to the World's Fair?

If so, see that your ticket reads via Cincinnati and the C. H. & D. and Monon—the acknowledged "Worlds Fair Route."

The only line out of Cincinnati, connecting with the E. T. V. & G and Q. & C. train No. 2, arriving Cincinnati 10:30 p. m. A solid train carrying through sleepers Jacksonville, Savannah, Birmingham, Atlanta, Chattanooga, Macon and New Orleans via E. T. V. & G., Q. & C., C. H. & D. and Monon Route to Chicago.

You can stop over in Cincinnati if your ticket reads via the C. H. & D. and Monon Route, by depositing same with the Merchants' and Manufacturers Association, Chamber of Commerce Building, corner of Fourth and Vine Streets, one block from Fountain Square (the C. H. & D. ticket office is in the same building.) This enables you to visit the picturesque "Queen City" at no additional cost, and special efforts will be made to entertain strangers hospitably and reasonably.

The universal verdict of the traveling public is that the Pullman Safety Vestibuled trains, running every day, "and Sunday too," via the C. H. & D. and Monon, between Cincinnati, Indianapolis and Chicago, are without doubt the "finest on earth." These trains were especially built by the Pullman Company for this service, and embrace every improvement. Their magnificent coaches, luxurious smoking cars, superb sleepers observation cars, compartmen sleeping cars and unexcelled dining car service, afford "all the comforts of home."

Leaving Cincinnati you pass through the beautiful Miami Valley, and for twenty-five miles the double tracks run through the very front door yards of the finest suburban homes in the country. Beyond Hamilton and up to Indianapolis, the line is noted for its scenic beauty.

A stop over at Indianapolis, the capital of Indiana, may be obtained by depositing your ticket with the Secretary of the Commercial Club. This city is more worthy of a visit than almost any other of its size in the West, and offers the greatest inducements to traveller and tourist. Between Indianapolis and Chicago the line traverses the very best agricultural and commercial territory, and the ride is one of unparalleled comfort and beauty.

Bear in mind that the C. H. & D. and Monon Route trains all run via Burnside Crossing, from which point the Illinois Central Suburban trains run direct to the World's Fair Grounds every moment. At Englewood connection is made with the electric cars, which run every five minutes to the grounds, but we recommend all persons to go directly into the Dearborn Station, which is located in the heart of the city and from which all street car lines converge, then go directly by car or cab to your boarding place. First locate yourself; know where and how you are to live while in Chicago. Get the locality firmly fixed in your mind, before going to the World's Fair by any of the numerous convenient ways; the cable cars, electric roads, elevated railroad, Illinois Central R. R., suburban trains and the steamboats afford ample accommodations for all possible visitors, and it is but five minutes ride from the business portion of the city to the grounds. Take your breakfast down town, buy your lunch at the grounds, and take your supper down town. If you follow these suggestions you will save money. The facilities for serving lunch at the World's Fair Grounds are extraordinary and the prices are cheaper than at your own home, but breakfast and supper should be taken down town, or at your boarding house. The World's Fair is already the most astounding and stupendous spectacle ever attempted by any people, and a day's visit will afford more delight and instruction than can possibly be obtained in any other way or by the same expenditure of money.
