It is Thought by Many

when the Creator said to woman "in sorrow shalt thou bring forth children," that a curse was pronounced, but the joy felt by every Mother when she first presses to her heart her babe, proves the contrary.

Danger and suffering lurk in the pathway of the Expectant Mother, and should be avoided, that she may reach the hour when the hope of her heart is to be realized, in full vigor and strength.

"Mother's Friend" so relaxes the system that the natural and necessary change takes place without Nausea, Headache, Nervous or Gloomy Foreboding and at the trying hour makes Child-birth easy, as so many happy mothers have experienced.

Nothing but "Mother's Friend" does this. Don't be deceived. "Mother's Friend" is the greatest remedy ever put on the market, and all my customers praise it highly. —W. H. KING & Co., New York, N. Y.

Send by Mail, on receipt of price, \$1.00 PER BOTTLE. Book "The Expectant Mothers" mailed free, containing valuable information and voluntary testimonials.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief" says: "We wont keep house without Dr. King's New Discovery for consumption, coughs and cold. Expereimented with many others but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for coughs, colds, whooping cough etc." It is idle to experiment with other remedies even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures besides its guarantee. It never fails to satisfy. Free trial bottle at City Drug Store.

The preaching of Eld. Yarbrough at the Baptist church during the protracted meeting has been well received by the large congregations that have been in constant attendance. Bro. Yarbrough's coming and preaching in our midst will be long remembered by the Christian people of this community and may Heaven's choicest blessings rest upon him and his during his remaining pilgrimage here in the earth. We trust that the pure gospel seed sown in Ellisville by this good man, will bring forth an hundred fold in the near future. The meeting closed yesterday with the following result: received by letter S, for baptism 11, total 19.

Hon. J. H. Neville, (Cyclone Jim as he is familiarly called by the boys,) was the cynosure of all eyes during the recent term of our Circuit Court. Mr. Neville is one of the leading counsel in the defense of B. E. Devall, ex-sheriff and tax collector, charged with embezzlement. Before Jim left he slipped a silver dollar in our vest pocket for The New South. Jim Neville is a daisy anywhere, in any crowd and on any occasion.

CASTORIA

WANTED. Empty Sacks. 3000 to 5000 bran and oat sacks. Must be in good order free from holes or cuts. L. H. WEEMS.

An exchange says: "We should all become less concerned about how long we shall live, and become more concerned about how well we shall live." This is well put, and will apply to all classes and professions. If we do not live well, why is it necessary that we live at all? Some people seem to think most of dying than living, whereas living is the thing in which we should be concerned. Death is not ours, but life is given us that we may use it to profit, to our selves, our country, and our fellow men.

Some one said: "Tell me not how died, but tell me how he lived, and I will tell you how he died." It is a fact that as we live we die. There is no higher attainment than right living. He who has lofty aspirations shall have reached the summit of true manhood and honor, in its highest sense, when he attains to efficiency and usefulness in well living. Live right by doing right, and be a man.
