

TO: Nurses (Students in MSN or RN to BSN programs)

Thank you for continuing to share your experience and expertise with the Framingham State Food Study. We are pleased to have you onboard for the third and final year of this landmark study.

Your continued employment is contingent upon: **Completion of all required paperwork.**

All required hiring paperwork has been mailed to you. **Please complete and return the paperwork to Denise Harney, upon receipt or no later than 48 hours.** FSU **must** be in receipt of all your completed paperwork before your employment can be finalized and before you can be scheduled for work.

If you have any questions about the paperwork, please contact Denise Harney at dkharney@framingham.edu or 508-620-1220 x4203.

We look forward to working with you as we continue to investigate the elusive question-- is one diet better than another for keeping weight off. Thank you for the important role you are playing in helping to answer this question.

Sincerely,

Patricia K. Luoto, EdD, RD
