

Nutrition Research Assistant Positions Available

The Obesity Prevention Center at Boston Children's Hospital, in partnership with Framingham State University, Sodexo Dining Services and Assabet Valley Regional Technical High School is conducting a major clinical trial, The Framingham State Food Study or (FS)², to investigate how diet composition affects metabolism and risk for obesity-related disease.

The Framingham State Food Study seeks **Nutrition Research Assistants (NRAs)** to provide food service operations support for the study during Academic Year 2016-2017 at our new satellite site:

Assabet Valley Regional Technical High School
215 Fitchburg Street, Marlboro.

Under general supervision by the Food Services Program Director and following established research policies and procedures, NRAs will have the unique and invaluable experience of working in the fields of research, dietetics and school nutrition services, all at the same time.

NRAs will perform the following tasks:

- Work with study participants and provide served meals
- Weigh participant's food to exact caloric requirements
- Measure/weigh hot portions of meals when participants arrive
- Check participants in and out keeping track of food consumption
- Work with the Program Director, study RDs and Principal Investigator
- Follow food safety guidelines and HACCP regulations
- Obtain ingredients from dry storage and different refrigerators
- Clean working area after each meal is prepared
- Stock food and paper goods
- Collaborate with food services staff
- Manage time effectively to produce several meals in advance
- Work with dietitians and food services staff to ensure quality, accuracy, and prevention of contamination by allergens

Qualifications:

- Commitment to work at least 10-15 hours per week for the full academic year
- Ability/wiliness to work some weekend shifts each month
- Experience and/or ability to complete basic food preparation
- Skill to complete precise weighing/measuring of ingredients and foods for service
- Proven attention to detail

Multiple shifts are available from 6:00 am to 6:00pm, 6 days per week
Citizenship, residency or work VISA in United States required

Hourly rate is \$14.00/hour
