Volunteers Needed for Nutrition Study

Boston Children's Hospital and Framingham State University are teaming up to bring a landmark nutrition study to the FSU campus.

You may be able to participate in this study if you are

- 18 to 55 years of age
- Interested in healthful weight loss
- Willing not to drink alcohol during the study
- Planning to be part of the FSU community for the academic year

You would receive

- All meals, snacks, and beverages prepared specifically for you for an entire academic year
- Financial compensation for your time
- A personalized health report including changes in body fat, lean mass, blood pressure, and cholesterol levels
